

TSMC & Univ. of Florida
SEMICONDUCTOR
CAREER TALK

The Semiconductor Industry Transforming Our World

- Elaborate how the infinite potential of 5G/AI and Big Data contribute to the growth of the semiconductor industry
- Shed light on why NOW is the best time to start a career in the semiconductor field
- Why TSMC Arizona is the perfect stepping stone for young engineers to join this technical marvel known as semiconductor innovation enablement

Dr. Charles Chu is currently Technical Director of Operations for TSMC AZ. With a strong background in Electrical & Electronics Engineering, he received his BS from U.C. Berkeley and a MS/PhD from Stanford University. He has ~30 years of experience in semiconductor wafer technology development and IC manufacturing. He was a member of the IEDM 2019/2020 Advanced Logic Technology Committee.
